Please complete this Worship Reflection Sheet and turn it in to your Leader. Thank you!

Family Worship Reflection

It is our hope and prayer that you and your family experience the life-changing love of Jesus during worship. This reflection tool is designed to reveal how God is working in you.

Head

What did you learn today? What fact or piece of information stands out to you? How do you understand God better?

Heart

What insight did you gain today? In what way do you relate to God better and love Him more?

Hands

Now what? Now that you have a new understanding of God and/or a new way to relate to God, what will you do differently this week?
